

Our Ref: 002021/21

Your Ref:

Address Correspondence to: Information Management

Date 16 June 2021

Freedom of Information Act 2000

I write further to your request for information received 15/06/2021.

I note you seek access to the following information:

Could you also let me know if the camera is managed by the council or the police as I would like to make a FOI request for the accident information for this stretch of road. I do support road safety and the proper sighting of speed cameras, but I find it hard to believe there have been any significant accidents where this camera is located. If there are any accidents these will be from drivers jumping red lights in which case the speed camera is the wrong tool to make the road safer.

Following receipt of your request, searches were conducted within Leicestershire Police to locate information relevant to your request.

Your request for information has now been considered and the information asked for is as follows: -

Cameras are managed by the Road Safety Partnership in Leicester, Leicestershire and Rutland on behalf of the relevant Highway Authority, in this case Leicester City Council. Enforcement is carried out by Leicestershire Police as the Enforcement Authority.

Between 2016 and 2020 inclusive there has been 1 serious and 3 slight injury collisions at the Narborough Road / Fullhurst Avenue Junction resulting in 1 serious and 3 slightly injured casualties.

Leicestershire Police provides you the right to ask for a re-examination of your request under its review procedure. Letters should be addressed to Information Manager, Corporate Services Department at the above address. If you decide to request such a review and having followed the Force's full process you are still dissatisfied, then you have the right to direct your comments to the Information Commissioner who will give it consideration.
